INDICTMENTS

Said to Have Been Made Against Sprouse and Three Kelleys in Cooper Case.

The grand jury made a report yesterday a short time before the News went to press but the contents have not been made public. It is believed that indictments have been returned against four of the five parties charged with arson and murder in connection with the Charles Cooper tragedy. The four referred to are John Sprouse, Martha Kelley, Frank and Alonzo Kelley. The latter is the fifteen-year-old boy who confessed. It is thought there is not enough evidence against Della Barker to indict.

Circuit Court was opened at ten o'clock Monday morning by Judge Hannah, with the court room packed to the limit. After empaneling the grand jury the Judge delivered very forceful instructions. As would be expected he dwelt at length upon the case of the burning of Charles Cooper's house and family. The jury was directed to make the closest investigation possible, weighing the evidence carefully, and trying to put at the truth of the tragedy. He also cited the law against mob violence and pointed out clearly and strongly the danger and seriousness of this offense. His talk was one that should and would cause men to stop and think before forming a mob. The law is sufficient if enforced, and no one can reasonably doubt that this will be done under the present administration. The jurors are excellent. We have never seen better ones in the Lawrence Circuit Court. They are as follows:

GRAND JURY.—H. W. Kase, foreman; Garfield Robert's, John R. Diamond, A. Borders, James M. Rogers, L. C. Gambill, O. C. Burgess, Walter Ross, S. D. Leming, W. B. Clayton, John Elswick, Mr. Thompson.

JURY.—L. W. Spencer, Charles Osborn, E. W. Griffith, Fred Chaffin, Garred Wilson, Theodore Johnson, W. C. Quisenberry, Jean Large, T. J. Chapman, John L. Hubbard, Leander Borders, S. V. Bradley, John Dameron, W. B. Vinson, William Cassler, John Meek, H. E. Ferguson, J. C. Green, Marlon Hammond, S. Fitzpatrick, F. F. Freese, Willie Prince, Lyle Moore, Henry Neal.

The work of the first three days consisted of misdemeanor cases. Where guilt was established the juries have assessed impressive fines. Those found guilty on charges of carrying concealed deadly weapons and disturbing public worship have received such heroic doses that these two abominable and inexcusable forms of devilry promise to become very unpopular in Lawrence county, at least the day.

The first felony cases were set for Thursday of this week.

At M. E. Church South.

Prof. E. M. Kenabson preached a helpful sermon at the M. E. Church South last Sunday morning. The arrangement was made on very short notice and it was not generally known that there would be services at that time. The attendance therefor was not as large as it would otherwise have been.

It was announced that the Rev. H. B. Hewlett would preach at that church next Sunday morning, but he asks us to announce that this will be impossible because he has an appointment to preach a funeral sermon in the country on that day.

Word was received a few days ago from Oklahoma that Mrs. Hattie Smith was dangerously sick. But a later report says she is better. Mrs. Smith is a daughter of Jenk Frasier, of Fort Gay. She was married about a year ago and accompanied her husband to Oklahoma soon after word.

at Zella, Daniel A. H. Emma Stewart, on Sept. 10th. Rev. C. Dean.

Seriously Injured.

George Murphy and Lilburn Hensley had an encounter at Naugatuck, W. Va., last Sunday morning which came near ending the existence of Hensley. Murphy used a knife with telling effect. Hensley was brought to Louisa Sunday afternoon and placed in Riverview Hospital for treatment. He is improving nicely under the excellent treatment here and will probably recover. The man was stabbed in the neck, the knife entering the pleural cavity. Also, there is a deep wound in the back and the muscles of the left arm are severed near the elbow.

Irick is Improving.

James Irick, whose back was broken by a fall of slate in a coal mine in Pike county last week, is steadily improving at Riverview Hospital. Present indications are that he will recover. He was brought here on a special train on Wednesday evening of last week. His father is here with him.

JAMES N. KEHOE

Spoke in Louisa Last Monday to a Large Crowd.

Hon. James N. Kehoe was in Louisa Monday seeing his old friends. Opening of the circuit court brought a large crowd to town. Mr. Kehoe did not intend to make a speech, but so many requested him to do so that he made a talk just after noon. The Court gave way to him and he spoke in the court house to a crowd that completely filled the building. It was not a lengthy speech, but every sentence was a message of interest to the voters present. He was liberally applauded and his speech had a good effect.

Mr. Kehoe is making a thorough canvass. He feels that if the Democrats will go to the polls he will be elected. They should do so on his account if no other, for the district never had a more faithful or more creditable representative in Congress than Mr. Kehoe.

Ellen.

Several young folks from this place attended church at Dry Ridge Sunday. Conrad Berry went to Blaine Sunday. Miss Hattie Berry was the guest of Miss Ethel Akers Sunday.

Green Berry and wife were calling on Grassy Cornutte Sunday.

Jack Cornutte and B. Dale have gone to Ohio.

Nancy Dale was calling on Martha Cornutte one day last week.

Miss Mary Moore and Ollie Hicks entertained a host of friends Sunday.

Mrs. Kitty Thompson was visiting home folks last week.

Mrs. Malissa Carter, of Ohio, was visiting her mother recently.

Tom Cornutte, Dave and Jim Adams visited the literary Thursday night at Spring Dale.

Thompson and Leo Berry went to Dry Ridge Sunday night.

Esther Carter is on the sick list.

Misses Ollie Hicks and Mary Moore were visiting their cousin, Mattie Cornutte, Sunday.

Miss Mollie Lawson passed down our creek Friday.

Miss Malissa Jordan visited Mary Bradley recently.

Wert Burton called on Hattie Berry last week.

Andrew Ball passed down our creek Sunday.

They are having a fine meeting at Dry Ridge with Rev. Williams in charge.

2 Girls.

Cari Bussey and Miss Carlida Shannon were recently married at the home of the bride's mother, Mary E. Shannon, of Lick Creek. Rev. T. G. Rickman performed the ceremony. The groom is the youngest son of F. R. Bussey, of Busseyville, one of the best and most prosperous citizens of our county. The bride is a pretty and popular girl, worthy in all respects of a desirable husband, such as Carl will no doubt be. Both are quite young. The NEWS extends its best wishes.

NEW COAL MINES

Opened by The Louisa Coal Company Will Begin Shipment Next Week.

The Louisa Coal Company will probably make its first shipment of coal some time next week from the operation at Torchlight, five miles south of Louisa. A large amount of coal has already been mined and only awaits means of conveyance across the river to the railroad. As told before in these columns, an aerial cableway will be used for this purpose. The last thing to be done is to stretch the large wire cable. The expert who is to perform this big task is on the ground and expects to accomplish it within about a week.

It is understood that the entire output of these mines is contracted. Two different veins of coal in the same hill are being mined. The quality of coal is excellent.

Louisa Canning Factory.

The Louisa Canning Factory is having a fairly successful run, considering the small acreage and extremely dry season. The farmers who have the larger crops are well pleased with the results and will do better with their tomatoes than with any crop they have.

It will be only a few years until farmers in this vicinity will be solicited the factory to contract with them instead of the present plan of the factory urging people to sign contracts. All that is needed is a fair test of tomato and bean crops. Tomatoes build up your land and at the same time bring more cash per acre than almost anything else. The cash is received early in the season.

When you contract with a canning factory you get rid of the annoyance and uncertainty of trying to peddle out your produce. They are sold before they are raised and you lose no time in marketing them. How much better this is than to bring a little load of something to town only to find the local market already overstocked. Then you spend the day trying to find buyers. Discouraged and disgusted you lower the price time and again, but yet without result. Finally you give the stuff away or haul it back home. Think of the difference in handling a contracted crop and resolve to improve the best opportunities open to you.

Gallup.

Times have been very hard in this community but have improved since work has started up on the dams.

Bryan's ume is in the mouth of many in this community and every one is in good heart, as we are sure of victory this fall.

Jeff Burgess, who has been very low for some time from an operation performed for appendicitis, is steadily improving.

School has begun again after a suspension of two weeks.

Thos. Filas was calling on friend on Contrary Sunday.

Henry Drake spent Sunday at Kiso Station.

Bro. Moore and Dobbins report a good meeting at Meades Branch on Sunday.

Bro. Ackman, of Ashland preached a very fine sermon here recently.

Miss Belle Shivel has returned after a vacation of two weeks.

The government work is progressing very nicely at Chapman station.

Mrs. O. D. Garred of Hualfington, was visiting her parents at this place recently.

Young peoples' meetings here every Sunday night.

J. R. McClure and wife were visitors at Mrs. G. C. McClure's Sunday.

A box supper will be given here Saturday night, Sept. 19, under the management of the Ladies' Aid Society, and everyone is cordially invited to attend. Come and bring your friends. Sun Beam.

John G. Burns' new house now has all the brick work done, the roof on, and the plastering partially completed. It will probably be ready for occupancy before the end of the year.

Death of J. H. Woods' Daughter.

Eunice, daughter of J. H. Woods, of Vessie, died Wednesday morning of diphtheria, after an illness of only thirty-six hours. She was eleven years old, and was Mr. Wood's second daughter. The disease which carried her off in such a short time was of the most malignant type. There have been several cases of diphtheria in that neighborhood recently, but this is the first death. Deceased was an unusually bright girl and her death has cast a gloom over the entire neighborhood. Less than a year has passed since death took another child from Mr. and Mrs. Woods. In their heavy bereavement their many friends extend the sincerest sympathy.

The C. and O. railroad has discontinued the stations of Kavanagh and Burgess on the Big Sandy division and established a new one between the two, with the name of Burnaugh. It is said there will be other stations annulled on this division.

RAILROAD

Through the Breaks of Sandy Said to Have Been Contracted.

The Pikeville Plain Dealer has the following interesting item:

The rumor is ripe in the upper Sandy region that the Charles O. Clinchfield and Ohio Railway Company has let the contract for a railroad through the Breaks of Sandy, up Russell's Fork to the mouth of Frylingan, up Frylog pan and through Sand Mountain; then down Dump Creek to a Southern connection with the Norfolk and Western Railway, at or near Cleveland, Va.

It is said that the contract has been let to McArthur Brothers, of Chicago, and Sam Walton, of Virginia. The tunnel through Sand Mountain will be about three miles long and it is estimated by engineers that it will take two years and 10 months to complete it.

We understand that the C. and O. Company is to construct the bridge at Elkhorn City and the road to a mile or so beyond the Breaks.

Kentucky Crop Report.

The rains in the early part of the month were of much benefit to crops and it will make almost a full crop. In some places the State the rainfall of recent date will make the late corn good, while in other parts it is badly injured and will not mature.

The dry weather will cause the ground to be hard to go to order for sowing of wheat, and will make the wheat crop late unless we have rain soon.

The potato crop has been greatly damaged by the dry weather and in some places is almost a total failure, while in more seasonable parts there are some very fine crops. McKee Bros., at Versailles, planted 40 bushels per acre. They treated their potatoes before planting, and we think if others would follow the same plan of treating their seeds before planting, that better results would follow.

The condition of the tobacco crop is not good, and in some sections of the State, the fall in the early part of the month almost ruined some of the early tobacco.

Live stock of all kinds is doing well, except where the dry weather has made stock water so scarce that some are suffering on account of not getting what water they need.

The fruit crop of the State will be very small, except in a few sections where there will be a good crop of peaches and apples, and there is a fine crop of grapes.

James Adams was here yesterday from Catlettsburg to surrender possession of the Brunswick Hotel, which he has operated under lease for several years. The owners, Mr. and Mrs. L. T. McClure, have taken charge. Mr. Adams is now running the Aiger House in Catlettsburg. He conducted the Brunswick in a manner very satisfactory to the travelling public.

LOST HIS LIFE.

Lee Minotti, Age 16, Killed by An N. & W. Train.

The dead body of Lee Minotti was found about a mile above Fort Gay early Sunday morning, alongside the N. & W. railroad track. The legs were cut off and the body badly mangled. No one saw the accident. One of the crew on passenger No. 3 saw the body and notified the agent at Fort Gay.

The boy had been employed at Kermit recently, but had come home to attend school. On Saturday he returned to Kermit to collect the balance due him for work. He got aboard a freight train Saturday night to come home. It is supposed he was riding on the bumpers and in some way was thrown off when within a mile of his home.

He was a son of Mrs. Belle Minotti, and a grandson of Mr. I. H. Harris of Fort Gay. He was a bright and industrious boy and his widowed mother will feel the loss very heavily. His age was 16 years.

The body was laid to rest Monday evening in the S. C. Beale burial ground.

Gone Forever.

Ten years ago an Allen County, Kansas farmer put his initials on a dollar bill. The next day he went to the nearest town and spent it with a merchant. Before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce and three times he heard of it in the pockets of neighbors. The last time he got it back was four years ago. He sent it to a mail order house. He has never seen the dollar since and never will. That dollar bill will never pay any more school tax or road tax for him, will never build or brighten any of the homes of the community. He sent it entirely out of usefulness to himself and his neighbors when he sent it to the mail order house. The moral is plain.

Little Blaine.

Rev. Williams is holding a series of meetings at Dry Ridge and it is hoped much good will be accomplished.

Died, on Sept. 13th, Mrs. Mary Jordan. The bereaved have our sympathy.

Miss Dora Thompson, of Columbus, O., is visiting friends and relatives on Little Blaine.

Miss Emma Carter attended church at Evergreen Sunday.

Millard and Milt Bradley passed through here Sunday.

Several from here have been attending the meetings at Dry Ridge.

Miss Laura B. Carter called on Miss Maud Clarkson Sunday.

Mrs. Sylvia Large and little son, Brack, passed through en route to Adams Saturday.

Everet Roberts expects to go to Columbus in the near future.

Mrs. Rose Burchett and children called on home folks Sunday.

Fred Bradley, of Busseyville, was on our creek Monday.

Mrs. S. F. Roberts and Miss Maud Clarkson were shopping at Busseyville Monday.

Misses Nora Robert's and Laura Carter were the guests of Misses Mollie and Sidney Prince Friday.

The Pleasant Ridge school has organized a Friday afternoon literary society which is progressing nicely.

S. F. Roberts and Milton Burchett were at Ferguson Nolan's Sunday.

Al Roberts was at Busseyville last Thursday night.

Thomas Cornutte was on our creek Saturday evening.

Loran and Hubert Berry, of Rich Creek attended church at Walnut Gap last week.

Sink Fugit has returned from a trip to Rowan county.

Wertle Burton, of Osie was on our creek recently.

There will be an ice cream festival at the Dry Ridge church Saturday, September 19th, for the benefit of Bro. Williams. Everybody come and bring somebody with you.

Hawthorne.

The Drouth.

The drouth is very severe in this county. Portions of it have had no rain for two months. Pastures are ruined and late corn a failure. The creeks and branches have all dried up and it is difficult to get water for live stock. Many farmers have been forced to sell their cattle.

Prices have been seriously affected by so many cattle being thrown upon the market.

Saw mills have been forced to suspend because water cannot be had for the boilers.

Peach Orchard Depot Burned.

The C. & O. depot at Peach Orchard was completely destroyed by fire last Saturday night at 11 o'clock. Nothing was saved but six barrels of oil. An empty box car standing alongside the depot was also burned. It is thought the fire started from a match or burning tobacco carelessly dropped into some rubbish. A box car is now being used by the agent as a depot.

AROUND THE WORLD.

A Man Passed Through Here Making the Long Journey on Foot.

The following from the Ashland Independent refers to a man who passed through Fort Gay Saturday:

"Joe is my name, and I am on my way around the world," said Joseph Milkuice, who spent Sunday in Ashland. Joe is an Austrian and is traveling around the world by walking.

He started from Australia February 5, 1906; walked through Italy, France, Spain and Portugal, Africa and South America, and is now touring the United States. He will walk 25,000 miles in five years for 25,000 crowns. So far Joe has walked over 13,700 miles, and will complete his journey in January, 1911, in Australia.

The object of his walk is to win a wager of 25,000 crowns. In this world tour Joe is representing an Austrian paper, and every week sends in a full report of his travels and experiences. The name of his paper is "Regnum Croatorum." Another name is also on a like mission, the two starting out on the tour at the same time. He is now in foreign lands.

Joe does not solicit money and is forbidden to accept gifts or free rides or meals. He pays for everything the same as anyone else, and the way he supports himself is by selling post cards, the price of which is what you want to pay for them. The post cards bear his picture and the words, "With postal cards Joe works his way—price of them is your will to pay."

One thing remarkable about the trip is that Joe has not been delayed a single day on account of sickness. The only misfortune he has had was when in Brazil he was robbed of his papers and paraphernalia.

The traveler is a unique character and talks intelligently on any subject. He speaks English fluently, having learned it before coming to America. He speaks six languages, though he went to school but two years. He says the schools in Austria amount to very little and the people pay little attention to them.

The shoes he is now wearing are the twenty-fifth pair he has worn since starting. They are of Russian leather, and have a broad toe with cap.

Joe spends very little time in one place. He will make the following cities in this country before crossing the water: Cincinnati, St. Louis, Kansas City, Denver, Salt Lake City, and then to San Francisco.

The baggage carried by Joe consists of some books, in which he has the town officials certify his presence, a fountain pen, rala coat and a pedometer, which records the distance walked. He wears a blue sweater, khaki trousers, canvas leggings and soft canvas hat. He is thirty years old and weighs 135 pounds, 45 pounds less than when he started on his trip. He eats three meals a day, but his principal diet consists of vegetables, eating very little meat.

In speaking of America Joe praised it highly, saying it was the best country in the world. He has only been in this country three and a half months.

In a flight in his aeroplane at Fort Myer Orville E. Wright broke his own record made by remaining in the air 62 minutes and 15 seconds. Secretary of War Wright and Secretary of the Navy Metcalfe and other Government officials witnessed the performance. The distance traveled in the record breaking flight of 62 minutes and 15 seconds, was estimated at 38.5 miles. Later Mr. Wright made another flight, 11 cent. Lahm, of the Signal Corps, accompanying him. The aeroplane remained in the air six minutes and landed successfully after covering a distance of about five miles. This is the record for the aeroplane with two persons aboard.

MR. BRYAN

Says the Republicans are Making His Greatest Sin a Virtue.

When asked what he thought about the statement that Mr. Taft was to take the stump during the month of October Mr. Bryan said:

"Well, I am getting a great deal of consolation out of the way the President and Mr. Taft have been doing. I used to be called hard names because I advocated an income tax, and now the income tax has been endorsed by the President and Mr. Taft. I used to be bitterly denounced because I favored railroad regulation. Now the President and Mr. Taft have brought that reform into popularity and I am no longer considered dangerous. I used to get a good deal of criticism because I favored tariff reform, but now tariff reform has become so urgent that Mr. Taft is willing to have a special session called immediately after inauguration to act on the subject. It used to be that when I talked about independence for the Philippines I was told that the American flag never came down when it once went up. Now we have a Republican candidate who believes that the Philippines must ultimately have independence.

"But I have reason to rejoice over the fact that some of the things I have done are now viewed in a more favorable light. When I secured some phonographic records in order that I might discuss political questions before more people the Republican papers ridiculed me and called it undignified but Mr. Taft has lifted the phonograph to an eminence by talking into it himself.

"And now my greatest sin is to be made a virtue by imitation. Surely imitation is the sincerest form of flattery. When I went out campaigning in 1896 and 1900 they said it was demagogic to run around over the country hunting for votes. Now it is eminently proper since Mr. Taft is going to do it, and I hope the Republican papers will make due apologies. They said in 1896 and 1900 that I was scared when I made speeches from the rear end of a train, and I was, and the results showed that I had reason to be. I have been wondering whether this explanation would be given when Mr. Taft starts out and whether the result would be the same with him that it was with me.

"It is hard for us to keep our patents from being infringed on this year. I am afraid they will try to raise a campaign fund by popular contribution next."

Great Fruit Country.

E. H. D. Webb, who moved from this county to Washington some time ago sends us a paper from Wenatchee with the following item marked:

"Last night twenty-seven cars of fruit were shipped from Wenatchee. This is the largest shipment for one day ever made from this point. Seven express cars were made up into a separate section going west, number three being unable to carry the heavy extra load. Five cars went by freight to Seattle. The east-bound freight took 15 cars.

"The extra large shipment at this time is due to the unusually warm weather of the past week. It was the high tide of the peach market. Fortunately for this valley this plethora of fruit will not cause any diminution of demand or falling prices. The Yakima growers are at war with the Seattle commission, men and the latter for two weeks now have refused to accept any consignments from Yakima. This has caused an extraordinary demand in the Big Sound city for the Wenatchee crop."

Farm Wanted.

We have a buyer for a good farm within easy reach of Louisville. Would require level land to the extent of 30 or 35 acres. Comfortable dwelling desired. Anyone having such a place for sale will please send full particulars to Big Sandy News office.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or imperfect hearing, and when this is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured. Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, Ohio. Sold by druggists 5c. Take Hall's Family Pills for constipation.

Don't Neglect It

It is a serious mistake to neglect a weak heart. It is such a short step to chronic heart disease. When you notice irregularity of action, occasional short breath, palpitation, fluttering, pain in chest or difficulty in lying on left side, your heart needs help—a strengthening tonic. There is no better remedy than Dr. Miles' Heart Cure. Its strengthening influence is felt almost at once.

"I have used 10 bottles of Dr. Miles' Heart Cure and can truthfully say it has done me more good than anything I have ever used, and I have tried nearly everything that I know of. The doctor who attended me asked me what I was taking and I told him Dr. Miles' Heart Cure, he said it was not going to do me any good, but it did. I have not taken any for a year now, and while there is occasionally a slight symptom of the old trouble, it is not enough for me to continue the use of the medicine. If I should get worse I would know what to do. Take Dr. Miles' Heart Cure as I did before. I consider myself practically cured of my heart trouble."

S. M. DUNHAM, Livingston, Tenn.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money. Miles Medical Co., Elkhart, Ind.

EMBEZZLEMENT

In Two States is Serious Charge Made Against W. J. Rice.

The man alluded to in the following articles from the Courier-Journal formerly attended school in Louisa. He was also well known about Willard several years ago.

Lexington, Ky., Sept. 9.—W. J. Rice, the former cashier of the Bank of Morehead, who was arrested in Lexington about ten days ago on a bench warrant from the Rowan Circuit Court on the charge of embezzling \$50,000 from the bank, was connected after resigning from the Morehead bank, and leaving Kentucky. The officer from Mississippi who arrested Rice at Morehead had secured requisition papers from the Governor at Frankfort. As soon as he was arrested, however, Rice employed every attorney in Morehead to fight the order of extradition, and the Mississippi officer found that he had no one to represent him in the preliminary hearing for the return of the accused to Mississippi, and he had to wire to Lexington for an attorney. City Attorney Wallace Muir responded and went to Morehead last night.

In the proceedings at Morehead today Rice was granted a change of venue to this city, where the question of his requisition will be heard next Friday morning. It is said that the warrant which was sworn out against Rice in Morehead was originated by his friends in order to prevent his being taken back to Mississippi, and his attorneys will argue that he cannot be taken back to Mississippi so long as the previous charge is pending against him in this State.

Mt. Sterling, Ky., Sept. 10.—After a full hearing today upon the application of W. J. Rice for a writ of habeas corpus, Circuit Judge A. W. Young declined to permit Rice to be taken to Mississippi. Rice is wanted there for embezzlement. He is also under indictment in the Circuit Court of Rowan county at Morehead, and was out on bond of \$2,000, charged with embezzlement.

Rice was formerly cashier of the Bank of Morehead, which institution failed for a large sum. At the time of his arrest by the Mississippi officers, Rice was in the custody of his surety on his bond to appear in the Rowan Circuit Court and Judge Young held he must first answer to the Kentucky authorities, who had secured prior jurisdiction over him.

The case has attracted considerable interest and was bitterly contested.

Home Circle Column.

A Column Dedicated to Tired Mothers as They Join the Home Circle.

THE IDEAL HOME.

(Written for this department by request and on condition that we omit names. Out of six requests sent out four of our lady readers responded as follows:)

My ideal home is not necessarily adorned with the trappings of wealth, neither must it be saddened by pinching poverty. A competence there must be; which, with industry and thrift will preserve its inmates from painful anxieties.

In this home, the husband is the breadwinner, the wife the home maker and together they reign as king and queen over the little realm. The children, for there are children in my ideal home, are loyal and obedient subjects, every one, and it never occurs to them, to question the divine right of their king and queen to rule.

Order and system prevail; but love and self-sacrifice for Love's sake, animates all hearts within this home, and to be good and to do good is their constant rule of conduct. Health, smiling goddess, stands at its portal and scatters happiness and prosperity with lavish hands. The table is not only the place where nature's recurring wants are daily supplied, but a school of manners; yet their harmless mirth disports itself unrestrained, and thought unfettered flows. Books there are in abundance, bringing the culture of all countries and all ages within reach of this charmed circle.

Flowers bloom in the window, a smile at you from the garden paths with their suggestions of beauty and refinement. Yet, whatever else may be there, the guests who frequent this house are its choicest, most valued ornaments.

o o o

The head of "my ideal home" is a father possessing firmness of character without being a tyrant. He gives the best that he is, socially and mentally, to his family. The mother is patient, kind and courageous, the children obedient. This home is not the home of wealth, neither is it the home of poverty. Order and system prevail in every department. The radiance and truth rests on each face. There is refinement and culture. The mother tongue is spoken in all its purity. This ideal home is a Christian home. The bible is read here and its precepts are lived. Books and papers are to be seen everywhere. The books are selected with care so that they may entertain and instruct without corrupting the reader. No profanity or slang is heard here. The cup that inebriates has never had a place in this home. The children honor their parents and the parents respect the rights of the children, and life is made as bright as possible for them. They are early taught to love the beautiful art as well as nature. Flowers and music help to refine and beautify their home. This family is taught to deal justly and they weigh their fellow man by what he is and what he has. This "ideal home" is so attractive that the children are not tempted to spend their evenings on the street or in doubtful places of amusement.

o o o

Dear Editor:—What do you say—"my idea of home," in the space you indicate? A volume, and a large one, would be required to discuss the mere outlines of this subject. But you have given me some time to boil down my crude and imperfect ideas on this theme. A great writer, you know, said on one occasion, "This is a very long letter, but positively I had not time to make it shorter."

"An ideal home," you say. Well, it must be where love abides, rooted in confidence.

It must be where physical comforts are not wanting, but where luxury and pretense have not usurped the places of peace and repose. There may be more joy in the hovel than in the palace, but you are asking for the "ideal" home, and such a home requires all the comforts.

There must be music, because music is the language of the soul when ordinary language fails.

There must be religion. I do not speak of creeds or doctrines or Bibles or prayer books. There must be a deep, reverential, God-fearing and God-trusting religion, which exemplifies the doctrine taught in the sermon on the mount, the golden rule.

There should be calm, low voices and quiet manners. There should be children and books, and pictures and flowers. The silver hairs and tremulous voice of age should be there—the grandmother or grandfather, or both.

The well bred guest should be there, and the way to the door should not be hedged against the poor, for he is "always with you."

With these crude suggestions ac-

cepted and applied, I should say with one whose literary shoes I am not worthy to unlace:

"Home is where the day-star smiles, And where the evening sun reposes Where the eagle spreads his wings From northern snows to southern roses."

o o o

In the ideal home the ruling principle will be love. Love to the Supreme Ruler of the universe and love for each member of the family. Here the golden rule will be followed in all intercourse with one another. Perfect harmony exists between parents in regard to the management of the household affairs and the training of the children. The rules of courtesy will be observed that we expect to find in society. In some respects the parents sustain the same relation to children that officers of the law sustain to the people. Good citizens never disobey the laws requiring the infliction of punishment, and were in all probability, reared in homes where the majesty of the law was inculcated without the aid of corporal punishment. In the "ideal home" children will be taught the principles of obedience and self-denial as soon as they can understand, although it requires "line upon line and precept upon precept." With the exercise of much patience, the model parent will gain the love and obedience of the child without harshness or what someone has designated as "physical persuasion," and instead of trying to beat goodness into children will make their natural tendencies and possibilities the subject of earnest study; then by kindness and gentleness, so train these as to secure a harmonious development, physical, mental and moral, the normal activities will be directed into laudable channels and a desire created to do what is required.

VALUED SAME AS GOLD.

The Republicans of Maine elected their candidate for Governor Monday by a majority of only 7,000, the smallest for over a quarter of a century.

The Legislature of Indiana will convene in extra session on Friday to devise a plan to give Gov. Hanly special power to deal with night riders troubles in the Southern part of the State.

"I am a great lover of humor," says Judge Taft. "I believe it to be a panacea." That feeling would come handy if the Judge should be elected, die and have to peep over the parapets of Paradise and see the United States being run by Jim Sherman.

There's a wonderful washing machine, newly invented that uses electrified water. But the clothes that return from the laundry cannot look any more like they'd been struck by lightning than those that come from the present type of clothes destroyer.—Courier-Journal.

Ex-Senator William Lindsay is back in line and supporting Bryan Royally. He made a great speech before the Young Men's Democratic Club at Frankfort. President Roosevelt's abuse of power, the Democrats' certainty to revise the tariff, and the righteousness of the income tax were his theme.

John Mitchell the labor leader, appeared in contempt proceedings at Washington and testified that he had been followed for years about the country by detectives at the instance of J. W. Van Cleave. The contempt alleged against Mitchell, Gompers and others was in the boycott of stores made by the Bucks Store and Range Company.

A Good Hair-Food

Ayer's Hair Vigor, new improved formula, is a genuine hair-food. It feeds, nourishes, builds up, strengthens, invigorates. The hair grows more rapidly, keeps soft and smooth, and all dandruff disappears. Aid nature a little. Give your hair a good hair-food.

Does not change the color of the hair.

You need not hesitate about using this new Hair Vigor from any fear of its changing the color of your hair. The new Ayer's Hair Vigor prevents premature grayness, but does not change the color of the hair even to the slightest degree.

OUR NEIGHBORS.

Wm. Collinsworth died recently in Wayne county, W. Va. Only a few months ago he moved from Pike county Ky., to a farm that he purchased near Round Bottom. He was 62 years of age.

Tuesday afternoon the grocery store in Catlettsburg, belonging to C. E. Hensley, was closed. Mr. Hensley having appeared in the U. S. Clerk's office at noon and filed a petition in bankruptcy. The schedule shows: Liabilities, \$1,338.65; assets, \$882; outstanding accounts, \$524.16; exemptions claimed, \$270.

"Jack Kelley, a stranger from Elliott county, Ky., about 22 years old, walked off a west-bound Ohio Valley car when opposite the Huntington Hospital last night and fell on his head," said this morning's Huntington Dispatch. "This caused concussion of the brain, an injury serious, but not necessarily fatal, said Dr. Taylor, who dressed the young fellow's wounds.

Monday night at Naugatuck, on the N. & W. line, two men held up the ticket agent at that place. They then boarded a freight train and rode within a short distance of Kenova, when they made the engineer stop his train and let them off.

Two men answering the description of the robbers were arrested at Kenova early Tuesday morning.

Invitations are out announcing the coming nuptials of Miss Mary Quinn Brown, daughter of Judge and Mrs. T. J. Brown, of Catlettsburg, and Mr. Robert Osborne Poage, of Ashland. The wedding will occur at the first Presbyterian Church on Tuesday, October 6th, at 8:30 p. m. The ceremony will be followed by an elaborate reception at 9 o'clock, at Brownstone, the beautiful South Side home of the bride's parents.

Jackson, Ky., Sept. 16.—The motion of Mrs. W. S. Hogg to have the court appoint a receiver for the estate of her father, the late Jas. Hargis, was pending a proposition of Mrs. Louellen Hargis for a compromise. Floyd Day, brother of Mrs. Hargis, arrived on the noon train and Mrs. Hargis offered to resign as administratrix of the estate provided Mrs. Hogg withdrew her suit for receiver, and consents to the appointment of Floyd Day as administrator. It is believed this proposition will be accepted.

The Cerodo Advance says: Policeman Henry Mays arrested a Big Sandy mountaineer last Saturday on the charge of carrying concealed weapons. The fellow gave several names, one of which was Thomas Boyd. The weapon which was found on Mr. Boyd was a dandy. Although it is described as being a 45 Colt, yet it looks like a 172 horse. The pistol, revolver, or young cannon is about as long as your arm and is of blue steel. Mr. Boyd was sent to jail to appear before the grand jury by Squire Crossen for carrying munitions of war in time of peace, or some other breach of the law.

Fort Gay Leader:—"The Hon. C. M. Weizel, of Jefferson county delivered a logical and able address here Saturday to an appreciative democracy. The meeting was in every way a success.

After the speaking a Bryan and Bennett club was organized, 76 strong, with S. V. Crum president, and C. R. Wilson and Freelin Christian vice president, and E. Lockwood secretary, and W. K. Ferguson assistant secretary.

Since last Monday, one week James Perry, a 16-year-old youth from Pikeville, has been missing from his home. Circulars are being sent to every police department in this section of the country, but as yet the efforts made to return the boy to his home have been unavailing. The lad is of dark complexion and dark hair.

He left Pikeville for Ashland where he was to visit a day or two. He bought a return ticket from Pikeville, and his parents supposed that he would return. Investigation brought to light the fact that the boy had sold his return ticket, declaring as he did so his intention of going to Cincinnati. But so far as can be learned he never made a start for Cincinnati. As he had some money on him foul play is feared. The boy's departure from home was made for the purpose, he told his friends, of seeing a bit of the world.

Delicious Banana Cream.

This recipe is highly recommended by one of our correspondents; try it for dessert to-morrow.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one teaspoon sweet cream beaten to a stiff froth, then add one 10c package of Lemon JELL-O dissolved in one and one-half teaspoons boiling water. Pour into mold when cold, garnish with candied cherries. Serve with whipped cream, or any good pudding sauce. JELL-O is sold by all Grocers at 10c per package.

Change of Voting Place.

Orders Lawrence County.

June Term, 15th Day of June, 1908.

At a regular term of the Lawrence County Court begun and held at the Court House in Louisa, Ky., on Monday, June 15th, 1908, Hon. T. S. Thompson, regular Judge, presiding.

At a regular term of the Lawrence County Court held June 15th, 1908, a number of citizens of Swetnam voting precinct in Lawrence County, moved that said voting precinct be changed from Knob Branch to Shine Gambill's mill.

It is therefore ordered that said voting place be and is hereby changed from Knob Branch to Shine Gambill's mill, as it is more convenient to the greater part of the voters in said voting precinct.

Watch Repairing.

If your watch is worth repairing at all it should be done right. The prices charged by competent and hotel workmen are about the same. Often the skilled watchmaker will charge less, because he can tell what is to be done and is not making a wild guess. More watches are ruined by fellows who are trying to learn this delicate and scientific trade by practicing on the public's timepieces than ever wear out or are broken in any other way.

C. A. Benn at Conley's store, served a full apprenticeship at the trade and has had 42 years of experience. He also does all kinds of jewelry repairing and engraving. All work guaranteed by a good guarantee.

NOBODY SPARED.

Kidney Troubles Attack Louisa Men and Women. Old And Young.

Kidney illa seize young and old. Come quickly with little warning. Children suffer in their early years. Can't control their kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. The cure for man, woman or child. Is to cure the cause—the kidneys. Doan's Kidney Pills cure sick kidneys.

Cure all forms of kidney suffering. Louisa testimony proves it.

Mrs. M. F. Hale, living on Main St., West Louisa, Ky., says: "For the last six years my little daughter has been troubled with attacks of kidney complaint. She would be quite well for weeks at a time, when without cause these attacks would come upon her and they would last for weeks and disappear as suddenly as they came. The trouble tended to weaken her kidneys and a tendency toward more serious symptoms prevailed. Doan's Kidney Pills soon relieved her of every sign of kidney weakness. I take pleasure in recommending them to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

It's a pity when sick ones drug the stomach or stimulate the heart and kidneys. That is all wrong. A weak stomach, means weak stomach nerves, always. And this is also true of the heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out for the actual cause of these ailments—the falling "inside nerves." Anyway, test the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by all dealers.

FARM NEWS ITEMS.

Even the seed enjoy a downy, soft bed.

Now is the time to get a line on some fall feeders.

Cleanliness is essential in hog raising as it is in the dairy.

When the sows are suckling their young they should be fed some grain.

Raising mules ought to be profitable when a young team will sell from \$800 to \$600.

Feed all the corn and oats to lambs you would force to marketable condition.

Fasting a fowl 24 hours before killing it improves the flavor immensely. Try it.

Hogs and pigs that are pastured give far better returns than those that are shut in a pen.

It is not always the hog that is heaviest on the squeal that pulls down the scales the hardest.

Pine tar generously applied to the roses of the sheep at shearing time will prevent grub in the head.

The successful farmer must be a jack of all trades and complete master of the art of farming.

Be not weary in fighting the lice, for in due season they will get your fowls if you do not get them.

The good reputation is not gained by pretense, but by being and doing what you desire to appear to be.

Paint the ringworm spots on the cattle with tincture of iodine, or snear with sulphur and lard, or other good oil.

Always an important question for the farmer to consider—The improvement and maintenance of soil fertility.

If you put the feet of your road horse in a pail of water every day, you will find they will keep sound and healthy.

The horse that has worked hard all day has earned a good feed, a good currying, and a good bed. See that he gets them.

Fly time always cuts down the profits of the dairy. During the most trying time it will pay to pasture at night. You of course have already screened your barn.

It is nothing short of cruelty of hot nights to keep the work horse shut in his stall. Provide a good clean yard into which he can be turned after he has been fed and thoroughly cleaned.

Too cold water is not good for the horse that has just finished a long, hard drive. And at such time remember that he should have only a few swallows of water at a time until he is thoroughly rested and cooled.

Bloody milk in cows can be remedied by giving a pound of Glauber salts and after the physic has thoroughly worked giving an ounce of nitro daily for three days. Bathing the udder in cold water after each milking will also help.

Why don't more men go to goose farming? Thousands of acres of land in many of the States which are not now profitable might be made so by raising geese, for they can be kept at a lower cost with less trouble than any other domestic fowl. There is always a good market for geese.

Is it right? Is the only correct basis of settling every question. Will it pay? should only be asked after the first is answered squarely.

If you let the cows shorten up on their milk yield during the hot months because of short feed, they will not regain their maximum yield until after they become fresh again.

Let your mistakes become stepping stones to better things. Experience is a dear teacher, sometimes, but a lesson thoroughly learned under his discipline often proves a life-long blessing.

One of the quickest ways of improving a farm is to put it down to clover, alfalfa and pasturing to clover, alfalfa. Cow peas may also be sown and when full growth is attained the hogs may be turned in.

Don't ask yourself "How can I do it?"

too often: Do things look tidy about the premises? Is there a place for everything and is everything in its place? Do I realize the value of the manure and am I getting it out of the land as fast as possible.

Here is a hint for the housewife: Mildew in white clothes may be removed by soaking for a short time in a pail of water which has been added a heaping tablespoonful of chloride of lime and then hanging out in the sun to bleach. Repeat the process if the mildew does not all disappear.

Good alfalfa seed should be yellow, with a faint tinge of green; the seeds are mostly pointed at one end, although many are kidney bean shaped and a few are nearly round. The latter are difficult to tell from seeds of sweet clover or trefoil. But clover seeds are much larger than alfalfa seeds, although of the same shape.

Ticks leave sheep after they are sheared and go to the lambs on account of the better protection offered them by the lamb's long wool. It is a good plan to dip the lambs, using a good commercial or tobacco dip. To make sure they are free from ticks they should be dipped twice, as a new lot is not to come on. The second dipping should be given about two weeks after the first one.

The rainy day is the farmer's greatest blessing if he uses it wisely. It is the time for overhauling the harvesting machinery and get everything in shape for the harvest. See that all bolts and taps are in place. Provide a few extra guards for the mower and binder. Go over the sickles and take out all the imperfect sections, replacing them with new, and put the sickles in first-class cutting condition. They will need to be this year. Put the oil cans in the buggy so that they can be filled the next time you go to town and be ready for use. In short, get everything in first-class shape, for when the harvest comes time is worth money.

The trap nest has revealed some interesting and suggestive conditions. One man reports 215 eggs from 14 birds for last January. As they were all trap-nested, he knew the eggs of each. One hen laid 186 eggs in her first laying year; 45 of them were laid during the hatching season and all incubated; only five were infertile. One pullet, whose egg record was about the same, did not lay a single fertile egg the whole season. She was put with different males in an effort to get some fertile eggs from her, but the effort was not successful. The question arises, do we breed out fertility by breeding for large egg yields, and shall we be obliged to begin with the old average layer, after a series of years, and breed up the large egg yield again?

The old straw pile is unsightly and of no profit. Turn it to account by hauling it out and either placing it in washy places on the farm to prevent washing, or scatter it on the land and plow it under for the making of humus. Wet and partially rotted straw makes good manure either plowed under or worked into the surface soil. A straw pile which is allowed to rot down where it stands will simply decay and float away in the air. To be of value to the farm it must be scattered over the land, where it will decay on the soil and the richness be taken up and appropriated by growing plants. The highest value is derived from the straw by turning it under and allowing it to decay in the soil. In this way it adds chemical foods and improves the physical nature of the soil.

Strayed or Stolen.

One dark bay, three year old mare, 15 hands high, weight about 900 lbs. Only partly broken. No shoes on. Strayed or was stolen from my pasture, one mile west of Webbville some time between the 19th and 23rd of August, and any one who will deliver said mare back to me or give any information leading up to the capturing of her will receive reasonable reward.

The West Virginia Trouble.

The real cause of the trouble between the West Virginia Republicans is not well understood outside of the State. In brief, the ruction is a revolt by the Scherr wing of the party against the domination of West Virginia Republican politics by Senators Elkins and Scott, Gov. William M. O. Dawson and their followers. This combination is a powerful one, and Swisher, who is Secretary of the State, belongs to it. The Scherr people are up in arms against it, and arraign it on the ground that it is thoroughly pro-railroad and pro-corporation. They call themselves the Lincoln Republicans and have taken a stand for progressive politics.

No matter what may happen in November, the end is nowhere near in sight in this Republican factional quarrel. All signs point to an ugly fight when the time comes to select a successor to Senator N. B. Scott. The Lincoln Republicans have their knives out for Scott and have them whetted to a keen edge. Scott's present term will not end until March 3, 1911, but the lines are being drawn already and a gory time is promised. Senator Elkins, too, is confronted with the danger of opposition, but his term will not end until March 3, 1913, and the situation may have changed materially by that time.

Do you use an atomizer in treating Nasal Catarrh? If so, you will appreciate Ely's Liquid Cream Balm, the quickest and surest remedy for this disease. For all curative properties it is identical with the solid Cream Palm, which is so famous and so successful in overcoming catarrh, hay fever and cold in the head. There is relief in the first dash of the spray upon the heated sensitive air passages. All druggists 75c, including spraying tube, or mailed by Ely Bros., 56 Warren street, New York.

Thinks It saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at A. M. Hughes' drug store, 50c and \$1. Trial bottle free.

Served as coffee, the new coffee substitute known to grocers, everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, nuts, malts, etc., have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too. No tedious 20 to 30 minutes boiling. Sold by D. C. Spencer.

BEST THE WORLD AFFORDS.

"It gives me unbounded pleasure to recommend Bucklin's Arnica Salve," says J. W. W. Jenkins, of Chapel Hill, N. C. "I am convinced that it's the best salve the world affords. It cured a felon on my thumb, and never fails to heal every sore wound to which it is applied." 25c. at A. M. Hughes' drug store.

Courier-Journal Cuts. A Special Rate of \$1.25 For The campaign and Election

For the first time in its history, The Courier-Journal has made a special cut rate on its daily for the campaign. The regular price of the paper is \$6 a year or \$3 for six months. For the campaign a rate of \$1.25 has been made, to apply to orders received during the months of June, July and August. After August 31 the regular rates will be in effect. Subscriptions received during these months at this rate entered on the Courier-Journal mailing list until December 1 next, when all will expire.

Send in your orders at once through this paper. The earlier you get in the more papers you receive.

Henry Watterson has announced that the Courier-Journal will support the Democratic ticket from end to end, and he believes the ticket will win in November. The Louisville Times edited by Col. W. B. Haldeman, has made the same rate, \$1.25, under the same conditions. The Times is the best Democratic afternoon paper printed anywhere.

You can get the Big Sandy News one year and either the Courier-Journal or the Times from now till December 1st, for \$2.00—paid in advance.

SPECTACLES.

Conley's Store, Louisa, Ky., carries in stock spectacles of all grades from 25c a pair up. We have nose glasses, riding and temple bow spectacles, rimless and regular styles, steel, aluminum, nickel, gold filled and solid gold frames. We also have the most perfect lenses made.

We can fit any ordinary case of defective vision, and we make no charge for the work of fitting. If your case is at all complicated we will direct you to reliable opticians or oculists who can properly handle the case. It cannot be done in Louisa. A real optician, one who is educated and skilled in optics, one of the most delicate sciences. There are more fakirs in this line than in almost any other business and the damage they do to man's most important faculty and to his pocket-book at the same time is astounding. Beware of the faking ignoramus who claims to be a competent optician.

OUR NEIGHBORS.

Topeka, Kan., Sept. 9.—Mrs. Sallie Ruthford died here today at the age of 113 years. She was born in Middletown, Ky., in 1795 and never experienced a week's sickness in her life.

Mrs. Ruthford came to Topeka 43 years ago. Four generations of children gathered at her home her last Sunday, believing it would be their last meeting.

Peter Fischbach will leave for Holden, Missouri, about the 15th of the present month. Mr. Fischbach has been a valuable and respected citizen of Wayne, and the town and county will feel his loss when he leaves us.—Wayne News.

Owingsville, Ky., Sept. 12.—Deputy United States Marshal Sam Jackson arrested Dave Hill, of near Morehead, Rowan county, charged with perjury. Hill was taken to Mt. Sterling for an examining trial before Henry S. Wood, and was held over for the United States Court to be held at Covington in October.

Frankfort, Ky., Sept. 11.—Gov. Wilson has pardoned Adam Damron, convicted in Pike county on a charge of receiving stolen property and sentenced to the penitentiary for one year. It was shown to the Governor that the conviction of Damron was a mistake. It was charged that Damron had bought some gin-sewing which had been stolen, but it was shown later that Damron did not know that it had been stolen, and was innocent in making the purchase.

The Hon. Sam J. Patrick and Miss Virgie Fairchild, both of Salersville, Magoffin county, were married at Lexington by Magistrate B. D. Bell at the latter's office in the court house. Mr. Patrick is the present Representative in the General Assembly from the district composed of Magoffin, Lee and Breathitt counties, is widely known and highly popular.

The groom had been in Lexington several days and was met there by the bride on Saturday morning and the ceremony followed shortly afterward.

Mr. and Mrs. Patrick left Lexington for Louisville, where they are attending the State Fair.

Harlan, Ky., Sept. 10.—Deeds conveying about 60,000 acres of Harlan county coal and timber lands to the Kentonia Corporation, which corporation has its headquarters at South Yarmouth, Mass., and a branch office at Harlan, are being recorded in the County Court Clerk's office here. Charles Henry Davis, of South Yarmouth, Mass.; Warren Delano, Jr., of New York City; the Cumberland Coal Company, Boston, and the Wallin Cent Corporation are the grantors.

It is the intention of the Kentonia Corporation to induce a railroad to enter Harlan county for the development of her vast resources in coal and timber, then lease it to smaller corporations, who will mine the coal.

The Kentonia Corporation now controls about 100,000 acres of coal and timber lands in Harlan and Bell counties, east of Middlesboro and Walsboro, and are adding all the lands to this already large holding they can for stock in the corporation.

It is believed that the Louisville & Nashville will build a line into this section in the near future.

Muskogee, Oklahoma, Sept. 8.—After a two-years' courtship by mail and a trip of over 1,000 miles by the bride, who had never laid eyes on her husband, Miss Linda Horton, of Sandy Hook, Ky., and the Rev. Thomas Houghton, pastor of the Methodist church at Warner, are married.

The groom is 61 years old and the bride is 37. The wedding was to have taken place in St. Louis, but the groom went to meet his bride and marry her, but in some way they missed connections. The bride was un-

daunted and came on to Muskogee, and from here went to Warner. The groom found her trail out of St. Louis and came in on a later train and fastened to Warner, where he found and married her.

Joe M. Davidson has been declared the Democratic nominee for County Clerk in Floyd county to fill the vacancy caused by the death of his father.

Harlan, Ky., Sept. 10.—A large land deal has been consummated in which the Harlan Mining and Manufacturing Company conveys 5,500 acres of Harlan county land to Paul Gillespie, of Hamilton county, Ohio. The consideration mentioned in the deed, which has just been recorded here, is \$40,000.

Miss Imogene Marcum, daughter of the late J. B. Marcum, whose tragic death at Jackson several years ago caused the notorious trial of Curt Jett, the Hargless and others, died at Hazard, Ky., from an attack of typhoid fever followed by meningitis. Miss Marcum was 18 years old, and besides her mother she is survived by four brothers and three sisters.

The body of Mrs. Gertrude M. Hill occupies the largest grave ever dug in Cave Hill cemetery, at Louisville. Mrs. Hill weighed 600 pounds, and the body and casket in which it was brought from Prescott, Ark., weighed a total of 1,100 pounds.

The Ashland Independent's Pikeville correspondent says: "Heretofore we mentioned the condition of vote selling and buying in Pike county. Since then we have made diligent research as to what proportion of the voters of this county can and are directly or indirectly influenced by cold cash, and we find, and are told by those next, that there are approximately 1,400 Republicans and 1,200 Democrats—more than half of the normal voting population of our county."

William L. Reed, one of the best known and best liked of the year's business men of Portsmouth, met a sudden and terrible death at Cincinnati early Monday. Mr. Reed's life was crushed out by falling from a ninth story window of the Havlin Hotel, in Cincinnati, death being instantaneous.

Just how the tragedy happened will never be definitely known as there were no eye witnesses, but the best information obtainable leads to the belief of an accident.

Is Pe-ru-na Useful for Catarrh?

Should a list of the ingredients of Peru-na be submitted to any medical expert, of whatever school or nationality, he would be obliged to admit without reserve that each one of them was of undoubted value in chronic catarrhal diseases and had stood the test of many years' experience in the treatment of such diseases. **THERE CAN BE NO DISPUTE ABOUT THIS WHAT-EVER.** Peru-na is composed of the most efficacious and universally used herbal remedies for catarrh. Every ingredient of Peru-na has a reputation of its own in the cure of some phase of catarrh.

Peru-na brings to the home the COMBINED KNOWLEDGE OF SEVERAL SCHOOLS OF MEDICINE in the treatment of catarrhal diseases; brings to the home the scientific skill and knowledge of the modern pharmacist; and last but not least, brings to the home the vast and varied experience of Dr. Hartman, in the use of catarrh remedies, and in the treatment of catarrhal diseases.

The fact is, chronic catarrh is a disease which is very prevalent. Many thousands of people know they have chronic catarrh. They have visited doctors over and over again, and been told that their case is one of chronic catarrh. It may be of the nose, throat, lungs, stomach or some other internal organ. There is no doubt as to the nature of the disease. The only trouble is the remedy. This doctor has tried to cure them. That doctor has tried to prescribe for them.

BUT THEY ALL FAILED TO BRING ANY RELIEF.

Dr. Hartman's idea is that a catarrh remedy can be made on a large scale, as he is making it; that it can be made honestly, of the purest drugs and of the strictest uniformity. His idea is that this remedy can be supplied directly to the people, and no more be charged for it than is necessary for the handling of it.

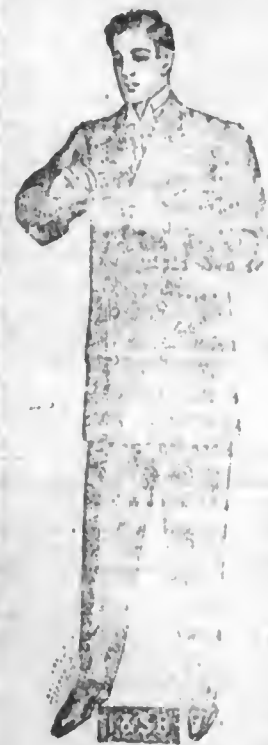

No other household remedy so universally advertised carries upon the label the principal active constituents, showing that Peru-na invites the full inspection of the critics.

Just how the tragedy happened will never be definitely known as there were no eye witnesses, but the best information obtainable leads to the belief of an accident.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific Nervous sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Restorative—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. With that original and highly vital principle, no other stomach complaints were ever to be had, such as heartburn, bloating, biliousness, bad breath and mallow complexion. Try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.
